Down Home Music!**

**Terra Madre**, is a global forum for sharing traditional knowledge and inventing solutions to the environmental and social damage brought about by prevailing modes of food production.

This October in Turin, Italy more than 7,000 food producers, cooks, restaurateurs, academics and environmentalists will gather to discuss the challenges shared by farmers all over the world. Small-scale, sustainable food producers from all seven continents -- including Antarctica -- will participate.

We believe that the pathway to preserving the health of this planet leads directly through its garden patches and well-tended fields, into its kitchens and cafes. We all have a stake in food that is raised in accordance with the principles of nature, and Terra Madre is a driving force on the planet at this time in seeing that these practices become widespread and commonplace.

**CHECKERED PAST** is the only U.S. musical group that has been invited to perform and participate in the forum. Proceeds from this event will help make that possible. See <http://CheckeredPastMusic.com> for more information.

Terra Madre -- Heartland Voice is a project of CrossCurrents Culture, a 501c3 corporation. Donations are tax deductible to the extent allowed by law. <http://www.crosscurrentsculture.org/>

Kansas City's Folk  
Arts Alliance**

# Green Festival & All Day/All Night Acoustic Jam

## About the music at the Festival

### Jamming All Day / All Night

Bring your acoustic instrument, and join the fun. You will find small groups of musicians scattered around the grounds just pickin' and grinnin'. Find yourself a compatible group and settle in. Even if you don't play and sing, you can still expect to hear a lot of great music.

If you are not sure how it all works, you might want to be at the "Beginning Jamming" workshop offered by Martha Haehl and Mike Walker, authors of *Play Well With Others: How to Jam Like a Pro*.

<http://howhighthemoonpublishing.com/>

**Evening Concerts start at 7 p.m.**

**Denise, Brandy, and Anita**  
**Steve Gouge – The Curly Show**  
**Checkered Past**

[www.CheckeredPastMusic.com](http://www.CheckeredPastMusic.com)

Musical Performances will be interspersed with the speakers on all stages, all day long.
